Quarterly Financial Report

3rd QUARTER

Nine months ended

November 30,

2009

Manitoba
Public Insurance

Management Discussion and Analysis

Management's discussion and analysis provides a review of the financial results and future outlook of Manitoba Public Insurance. It should be read in conjunction with the unaudited financial statements for the third quarter ended November 30, 2009 included herein and the annual audited financial statements and supporting notes included in the corporation's 2008 Annual Report. Certain information in this report may consist of forward-looking statements. These statements are based on various techniques and assumptions including predictions about future events which may not occur. Actual results could deviate significantly from the forward-looking statements.

Goal 1

Universally available mandatory protection against the cost of automobile accidents. Rates, on average, will be lower than those charged by private insurance companies for comparable coverage and service.

Why? One reason for our creation was to deliver the best insurance value to Manitobans. This is the essence of our continuing success.

Driving and rating criteria:

- 2005 Toyota Corolla CE (4 door, 4 cylinders, 2 wheel drive)
- $2 Million Third-Party Liability
- $500 All Perils deductible

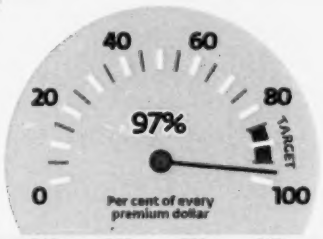
Among the lowest rates in Canada

Goal 2

The Basic plan will return at least 85% of premium revenue to Manitobans in the form of claims benefits.

Why? Over the long-term, returns within this range strike the right balance. We pay back to Manitobans substantially more of their premiums than would private insurers, while keeping a sound financial footing.

Premium returned for each dollar earned



Past Results (in per cent)

94% Q4-07/08	96% Q1-08/09	94% Q2-08/09	94% Q3-08/09	89% Q4-08/09	94% Q1-09/10	94% Q2-09/10	97% Q3-09/10

Goal 3

Manitoba Public Insurance will be a leader in automobile insurance and vehicle and driver licensing, providing Manitobans with superior products, coverage and service.

Why? By measuring key performance indicators, we can track the public's view of our performance.

Corporate Performance Index.

Goal 4

Manitoba Public Insurance will provide service that is responsive, fair, courteous and convenient. Manitoba Public Insurance will meet customer service standards that are based on customer expectations.

Why? We value our customers and put their interests first. Also, Manitobans expect more from us than from private insurers, because Manitoba Public Insurance is their company. We believe their higher expectations are justified.

Overall, how often do we meet/exceed standards

Goal 5

Retained Earnings and Rate Stabilization Reserve will be maintained within established target levels.

Why? Our long-term objective is to break even financially and to be financially self-sufficient. Maintaining the RSR within its target range helps us control rates when claim costs rise substantially. Manitobans deserve stable, affordable premiums over the long term.

Results of Operations

Manitoba Public Insurance reported net income of $32.1 million for the nine months ended November 30, 2009 compared to net income of $1.8 million for the same period last year. This includes net income of $15.9 million (2008 – net loss of $6.0 million) from the Basic insurance line of business. Net income from operations increased from the previous year by $30.3 million due to improved investment income of $50.6 million offset by a $20.3 million increase in the underwriting loss.

Current Year and Last Year

Total earned revenues for the nine months increased from the previous year by $22.2 million. This increase is attributed to motor vehicle earned revenues which increased by $23.7 million or 3.9 per cent due mainly to increases in the number and value of vehicles insured.

Claims costs for the nine months ended November 30, 2009 increased by $30.6 million or 5.3 per cent compared to last year. Physical damage claims incurred increased by $15.9 million or 5.6 per cent. A severe hailstorm struck southern Manitoba including Winnipeg, Brandon and Steinbach regions on August 13 and 14, 2009 resulting in over 10,000 claims with an estimated value of $35 million. Manitoba Public Insurance holds reinsurance coverage against this loss which will limit its exposure to $13.3 million. Bodily injury claims incurred rose by $10.2 million as Personal Injury Protection Plan (PIPP) coverage types are subject to inflationary increases. The success of corporate initiatives to curtail auto-theft, including the Immobilizer Incentive Program and Winnipeg Auto Theft Suppression Strategy, has resulted in a decline in theft and attempted theft claims costs of $3.6 million or 18.9% from the nine months ended November 30, 2008.

On December 2, 2008, the Public Utilities Board (PUB) approved the corporation's Basic insurance application for an overall 1% rate decrease for the 2009/10 fiscal year. The ruling means that Manitoba Public Insurance will have held the line or reduced auto insurance rates 10 of the last 11 years, without lowering service or reducing coverage.

On May 1, 2009, the corporation purchased the Cityplace property for $81.5 million plus expenses. The Cityplace building houses most of the corporation's administrative offices as well as some third-party occupied office and retail space. The net savings to the corporation resulting from the purchase of Cityplace is approximately $3 million per year.

Retained Earnings

Retained earnings of $321.4 million (2008 - $286.0 million) are comprised of $152.9 million for Basic insurance (2008 - $139.1 million) and $168.5 million for competitive lines (2008 - $146.9 million). The Basic insurance retained earnings are allocated entirely to the Rate Stabilization Reserve and the Competitive Lines retained earnings are allocated to retained earnings $92.9 million and the Extension Development Fund $75.6 million.

In the 2005/06 fiscal year, the corporation established the Immobilizer Incentive Fund by appropriating $40.0 million from the Basic Rate Stabilization Reserve (RSR). The fund provided financial assistance for vehicle owners to install electronic immobilizers that meet the Canadian standard, including paying 50 per cent of the cost of the standard installation and providing interest-free financing for the remaining 50 per cent up to five years. In the 2006/07 fiscal year, an additional $10.0 million was appropriated from the RSR to cover 100 per cent of standard installation costs for vehicles most likely to be stolen, regardless of where in Manitoba they were registered. The fund also covered the administrative costs of the program. During the three months ended May 31, 2009, the $2.0 million remaining in the fund at the beginning of the current fiscal year was depleted. The corporation will continue to provide the same financial assistance for vehicle owners to install electronic immobilizers that meet the Canadian standard. Program costs incurred are included in net income for the Basic insurance line of business, which is reported in the RSR in the Statement of Retained Earnings.

In addition, the corporation established on March 1, 2007, the Extension Development Fund (EDF), by appropriating $39.0 million from competitive lines retained earnings in excess of the most recent year's target of 200 per cent of the Minimum Capital Test (MCT). The MCT is a risk-based methodology developed by the Office of the Superintendent of Financial Institutions (OSFI) to assess a property and casualty insurance company's financial risk and determines the capital adequacy of reserves held in retained earnings. Additionally, on July 1, 2008, $31.7 million and on March 1, 2009, $20.9 million were transferred from competitive lines retained earnings to fund the EDF. The EDF is being used to fund service improvements made possible by the merger with the Division of Driver and Vehicle Licensing and that flow through the competitive lines statement of operations. Activity to November 30, 2009 has reduced the EDF by $16.0 million to $75.6 million.

Outlook

The corporation remains committed to achieving its seven corporate goals. Actual results will be monitored, and corrective actions taken when necessary, to ensure that expected outcomes are realized.

On December 4, 2009, the Public Utilities Board (PUB) released its ruling on the corporation's rate application for the 2010/11 fiscal year. Effective March 1, 2010, overall average Basic insurance rates will remain unchanged from the previous year.

Current projections indicate the corporation is expected to realize net income of approximately $6.9 million during the current fiscal year.
